TECHNICAL CATALOGUE

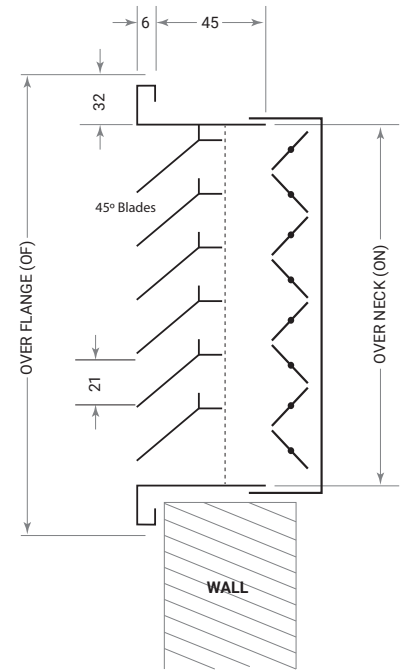

**Fixed Blade Grille**  
Aluminium

# FIXED BLADE GRILLE

These grilles are constructed of light weight extruded aluminium with or without damper attached. The standard grilles are available with fixed horizontal blades spaced 21mm apart with 45 degree blades.

## FEATURES & CONSTRUCTION

- These grilles have a chevron style core with fixed flat blades.
- The frame is constructed of 1.3mm thick extruded aluminium.
- The blades are constructed of extruded aluminium 1.2 to 1.6mm thickness.
- The damper is constructed from extruded aluminium blades and frame.
- These grilles are not weather proof.

## OPTIONAL EXTRAS

- A variety of painted/powder coated finishes are available upon request.
- Available on request with concealed fixing, punched and countersunk or unpunched.
